Helping you to make sustainable choices

INTRODUCTION

Nuneaton Signs

The National Signage company with Social Value

ABOUT US

Nuneaton Signs is proud to be a Social Enterprise and have Social Value at the heart of everything we do. Our company purpose, which was our founding ethos back in 1982, is to provide meaningful employment and training for people with disabilities through the manufacture and sale of signs.

Our diverse and talented workforce consists of 63 members of staff and 3 supported interns, and 71% have at least one disability.

By choosing Nuneaton Signs as your signage supplier, you are providing job opportunities to disabled people. You will be part of building a community that is not biased and allows everyone to participate in society. All of us deserve to be valued and it is time we celebrate our differences.

OUR PLEDGE

As a company, we decided we wanted to do more. We will make a difference that goes beyond our purpose, and contributes to making our planet a better place.

*"We must protect our most precious resource, our environment, for future generations"**. We have a duty to care for our earth for the generations that come after us. Which is why we have sourced a complete range of sustainable products, to help you make sustainable choices.

*Alma Adams

CHANGES FOR A GREENER FUTURE

WHAT PRODUCTS

Our mission towards a sustainable future is starting at home, with our Nuneaton Signs Environmental Champions leading the way. The team are making changes to how we operate everyday, helping us towards a greener future. That is why we have found an EnviroRange alternative to every material we use.

These products are:

Bubble Board (3mm,5mm,8mm)
Flute Board (4mm)
1mm Enviro Rigid
Matt Vinyl
Gloss Vinyl
Gloss Super Laminate
160gsm PVC Free Banner
270gsm PVC Free Banner
Mesh PVC Free Banner
Enviro Acrylic (3mm, 5mm)

The perfect alternative to:

ACM or Foamex (Foam PVC)
Now used as standard instead of Correx
Now used as standard instead of 1mm Rigid PVC
Now used as standard instead of PVC Vinyl
Now used as standard instead of PVC Vinyl
Now used as standard instead of PVC Vinyl
Now used as standard instead of PVC Banner
Now used as standard instead of PVC Banner
Now used as standard instead of PVC Banner
Standard Acrylic

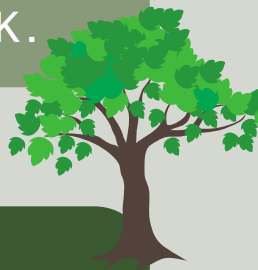

PLANT A TREE WITH NUNEATON SIGNS

THE LOWER YOUR CARBON FOOTPRINT, THE SMALLER YOUR CONTRIBUTION TO CLIMATE CHANGE.

Every day in the UK each of us contributes to climate change through our daily activities - whether it is driving, working, watching TV, shopping or taking a holiday. Almost everything we do will affect our carbon dioxide (CO²) emissions.

Nuneaton Signs are offering a way to help you offset your carbon, by planting a tree through our partnership with EForests.

All trees are planted and maintained in the UK.

When you place an order with us, you can opt in to adding a tree or donation on to your order, and the codes below will appear!

Tree contribution: £1 (Code: TREE1)

Whole tree planted £8.99 (Code: TREEWHOLE)

When you choose to donate a whole tree, we will send you a certificate, from this you can see where your tree is planted, and even visit it!

SUSTAINABLE PACKAGING

"Many individuals are doing what they can. But real success can only come if there is a change in our societies and in our economics and in our politics."

- Sir David Attenborough

Our packaging has changed to reflect our pledge and to support our products.

It is important to us that our signage is well protected when it is sent out.

With that in mind, we have sourced innovative and environmentally friendly packaging.

Your signage from Nuneaton Signs will be packaged in:

100% Recyclable cardboard

-

PVC free tape

-

Paper tape

-

100% Recyclable Bubblewrap made of up to 95% recycled materials.
